

ANGELA McPHAUL

Managing Principal / Co-Owner

"While in college, I worked at a restaurant and fell in love with the whole hospitality industry. Being hospitable is innate, a trait that is hard to teach.

I love sharing new leads with the Culinary Advisors team, and I make it a point to be gracious and thankful for every client and project that comes our way, big or small. Each project brings something special.

My all-time favorite project? Music City Center in Nashville. It was an award-winning project and located in one of the most exciting cities in the country. Going to the final punch and seeing how it all came together was tremendously satisfying."

Free Time

Playing pickleball, raising orchids, and trail running with my dog Shwayze, a white lab/Pyrenees mix

Best Vacation Ever

My husband and I took our children to Bermuda when they were in college. We will never forget our day at Horseshoe Bay which is famous for its pink sand.
